

Our lowest priced Rivet Shelving system

J RIVET

Fully flexible, low cost shelving system

Our J Rivet system offers unbeatable strength at an incredible price, manufactured to the high quality you have come to expect from one of the UK's leading suppliers.

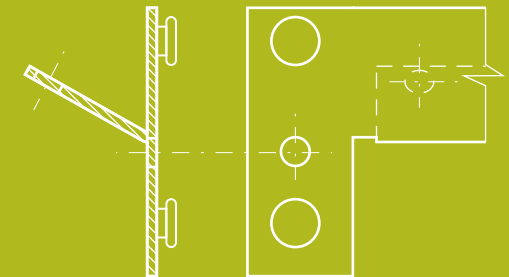

The shallow J beam profile provides increased storage capacity whilst maintaining excellent strength. To maximise flexibility, our J Rivet range is compatible with our incredible Heavy Rivet range.

The system is simple to erect yet has all the strength you are likely to need with a bay load of up to 2800kg. The bays simply tap together with a rubber mallet so you can organize your storage in a fraction of the time it can take with more traditional systems.

With the average time to assemble a bay being just 5 minutes, you will be amazed at how easy it is to create large installations.
